---

<sup>Rome</sup>  
Praetor became the title of  
a magistrate.

366BC

Home

The legion was rearranged into maniples of two centuries each; free room was left between each manipule and its neighbors, and the maniples of each succeeding line stood behind these open spaces. This formation made possible a rapid reinforcement of one line by the next and a quick veering of

one or more members to force a thank  
attack; and it gave free play to that  
understander's spirit for which the  
Roman address was especially favored.

366BC

Rivalry of Athenian and  
Theban influence in  
Macedon and Thessaly.
